

Croissy for English speaking citizens

Croissy-sur-Seine maintains the feeling of a small unspoilt town which still has many family run businesses based along a high street which retains a lovely community atmosphere.

Enjoy the charm of a stroll along the Seine while experiencing the historical neighborhood named "[Le Pays des Impressionnistes](#)".

Croissy is also known as the home to the British School of Paris which is located in a large green campus catering for English-speaking children of over 50 nationalities (about 70% of them British) from ages 3-18.
